

"STAR—The Pocket-Pal of All Good Fellows"

### Men Who Chew Are Men Who DO

IF anywhere you find men ready at an instant's notice to do what is required of them, you find them in our army.

And few men love good tobacco like these iron-nerved soldiers—the steadiest, truest marksmen in the world.

Wherever there is an army post there's a big demand for STAR Tobacco. A soldier can't carry much baggage. Everything must be first class quality and compact.

That's STAR. Each thick 16 ounce plug is just chuck full of ripe extra length, mellow, chewable leaf, pressed tight.

STAR'S honest standard of full weight is as unvarying as the amount of gold in a new \$5 gold piece.

## ROOSEVELT SCORES SHIP BILL ACTION

SAYS PRESIDENT WILSON AND SECRETARY McADOO ARE WORKING IN BEHALF OF INTERNED SHIPS.

Washington, March 28.—With only one more witness subpoenaed to testify before the senate ship bill lobby committee Senator Sutherland, republican, declared the investigation was almost concluded and absolutely nothing of any consequence has come out of it. Senator Sutherland, with Senator Walsh, democrat, conducted the inquiry Saturday.

Colonel Roosevelt's telegram to the committee, which was of more than one thousand words, was placed in the record by Chairman Walsh. The former president said his reasons for having opposed the ship bill were the same as were expressed on the floor of the senate by such members as Lodge, Root, Borah, Burton, Smoot and other senators who contested the efforts of the administration forces to bring the bill to a vote in the recent session of congress.

Colonel Roosevelt repeated his charge that President Wilson and Secretary McAdoo had pushed the bill to the utmost of their ability and that their action was in the interests of the foreign corporations owning or interested in the interned German ships.

"If it had not been," the telegram read, "then these ships would have been specifically exempted from the operations of the act."

Colonel Roosevelt said it would be useless to attempt to deny this statement and that it would be "merely folly" to call him to testify on the matter when his information was merely that which was patent to every man of common sense who takes an interest in his country's welfare and is acquainted with the course of current events.

At the outset of his statement Colonel Roosevelt said that "every man who had looked into the matter at all knew perfectly well that we were literally purchasing a quarrel with every ship that was purchased from any of the corporations owning the German interned ships."

Closing, he said, it would not be proper for the chairman of the committee to call him as a witness for the purpose of making an argument against the position he had taken.

### Germs Can't Stay With This Treatment

No Impurities Can Retain A Foothold—They're Driven Out.

The action of S. S. S., the famous blood purifier, is direct from the moment it enters the stomach. Unlike food that must be acted upon by the digestive juices, S. S. S. goes at once into the blood, and in less than five minutes has traversed the entire circulation. It now rapidly spreads its medicinal action in the fine network of blood vessels and is like giving the blood a thorough bath to overcome eczema, blood risings, boils and other eruptive conditions. It can not harm any part of the system. It does not lodge in the joints as do mercury, arsenic and other minerals frequently to be found in blood remedies. It is a natural medicine for the blood, just as essential to health as is nutritious food. If after a spell of sickness the body calls for nourishment. Wherever you go you are sure to meet some one who used S. S. S. for the blood and is a willing witness to its wonderful power to overcome blood troubles. You can obtain S. S. S. in almost any drug store in the U. S. a significant fact as to its worth and its sterling reputation. Get a bottle today. It will do you good. Write to The Swift Specific Co., 104 Swift Bldg., Atlanta, Ga., if the directions with the bottle do not fully cover your case.

### HEALDTON

Healdton, Okla., March 27.—From spring to winter and back again has been the program this week. We have had both snow and ice, and if the fruit is not hurt, freezes will not hurt it.

Farm work is getting on slowly owing to weather conditions, although a good many have planted and are still planting. The ground is in fine shape for seeding.

Cold and snow has hurt cattle to some extent, although feed stuff still seems to be plentiful.

The roads are in fair shape again.

Some of our school went to Wilson last night to visit the school there and take part in the entertainment there.

Misses Lena and Lois Bradford who are teaching at Dundee are here, the guests of Miss Orme.

Mrs. S. M. Tyre of Ardmore made a flying visit here this week.

Tom Rexroat was in our town yesterday.

George Terry and Henry Davis made a flying visit to the field yesterday. Jim Tallafarro, our county commissioner is here looking into replacing the bridge burned down on Whiskey Creek, west of us.

It is spring-like today, and one can see plows going on all sides.

E. P. Davis visited in Ardmore yesterday.

Health is improving in our section. Ground is in fine shape for seeding and prospects are fine for good crops this season. The outlook in that line is very encouraging.

### HOLSTEIN COW BREAKS

**WORLD'S RECORD FOR BUTTER**  
Delevan, Wis., March 28.—The world's record for butter fat production has been broken by Finnerne Holingen Fayne, a Holstein cow, who in one year produced 24,612.8 pounds of milk, containing 1,116.95 pounds of butter fat, according to the announcement here today of the Holstein-Friesian advanced registry office.  
The animal is owned by the Somerset Holstein Breeders company of Somerset, N. J. The test was made under the supervision of the New Jersey State Agricultural college.
